

Tabtime Daily Pill Timer Reminder

Get it on time

Please note: these timers are not developed, endorsed nor warranted by Parkinson Society CNO or its partners. We are helping people address a need and sell these as a service (CNO does not profit).

Tabtime Super 8 has been especially designed to help those who suffer from Parkinson's disease & Alzheimer's,

this marvelous new invention will also be of huge benefit to anyone who has to regularly take pills or medication to control their symptoms.

The special features of Tabtime Super 8:

- ✓ Size 11 x 6 x 3 cm;
- ✓ Up to 8 daily alarms at whatever times you require;
- ✓ 8 tablet compartments numbered 1-8;
- ✓ Flashing red LED on lid that starts to flash at the same time as the alarm buzzes and continues to flash until the case is opened to show you may have missed your last dose;
- ✓ Integral key trigger switch cancels all alarms when you open the case;
- ✓ Tabtime super 8 is a 'set it & forget it' device which remembers your alarm times every day but can be easily changed at any time;
- ✓ Countdown timer for regular or timed interval doses. The countdown timer cannot be used in conjunction with the variable timer;
- ✓ Easy open magnetic catch for those with weak or shaky hands;
- ✓ Choice of hi / lo volumes (60 & 75 db) for those who may be hard of hearing;
- ✓ Easily programmed with 3 extra-large control buttons;
- ✓ Generously proportioned easy read screen with clear display;
- ✓ 3 bar battery power indicator;
- ✓ Easy access & trouble free battery change;
- ✓ **COST: \$25.00 per timer.**

Tabtime 4: Need a daily pill timer/reminder with lots of room for your tablets? The new Tabtime 4 will hold up to 24 Aspirin sized tablets in each compartment, that's almost 100 per day, and the beeper has a really good level volume!

- 4 daily alarms at whatever time selected, alarms are 'remembered' every day.
- 4 Xtra large tablet compartments 3.5 x 2.5 x 1 cm each will hold up to 24 Aspirin sized tablets
- Tablet tray is detachable and we will soon offer 7 extra trays to enable you to build Tabtime 4 into a weekly reminder that only needs filling once a week.
- At alarm time the dose indicator flashes to show which dose you should be taking.
- Audio alarm with excellent volume
- Flashing red LED as additional reminder
- Large easy read LCD
- Extra large control buttons making Tabtime 4 easy to set & easy to use
- Time & Date
- Size 11 x 8 x 2 cm
- Requires 2 x AAA batteries. (Not supplied)
- **COST: \$25.00 per timer.**

"I absolutely love my new Get It on time pill timer. The Tabtime Super 8, is the best thing since sliced bread. I feel so much better when I stay on track and it has become a family awareness process as they now notice the light on or the beeping when I don't... and are quick to let me know: "BILL, you pills are beeping!" It is great and super value!" – Pill timer user
